Welcome to the EOMEET Pilot Program

Thank you for joining the EOMEET Pilot Program! As one of our early adopters, your feedback will be invaluable in shaping the final version of our app. This guide outlines the program's goals, requirements, confidentiality agreement, and installation steps for Android and iOS.

Overview of the Pilot Program

Goals:

1. **Test Core Features:** Ensure all app functionalities work smoothly in real-world scenarios.
2. **Gather User Feedback:** Learn about your experience to make improvements.
3. **Enhance User Experience:** Identify and resolve any usability issues.
4. **Build Early Advocates:** Create a community of enthusiastic users.

Requirements:

1. **Download and Use the App Regularly:** Explore its features and test its functionality.
 2. **Provide Feedback:** Complete a short survey or participate in feedback sessions.
 3. **Maintain Confidentiality:** Keep app details and your experience private during the program.
 4. **Share Your Thoughts:** Report bugs, suggest improvements, and highlight what you like.
-

Confidentiality Agreement

As a participant in the EOMEET Pilot Program, you agree to the following:

1. **Confidentiality:** You will not share any app details, screenshots, or experiences with anyone outside the program, including on social media or public forums.
2. **Non-Disclosure:** You will not disclose proprietary features, designs, or future plans learned during the program.
3. **Feedback Use:** Any feedback you provide may be used to improve the app, but your personal information will remain confidential.

By participating, you agree to these terms. If you have questions, contact us at support@eomeet.com.

How to Install the EOMEET App

For Android Users:

1. **Download the APK:**
 - Visit the provided link to download the APK file.
2. **Enable Installations from Unknown Sources:**
 - Go to *Settings > Security > Install Unknown Apps* and enable permissions for your browser or file manager.
3. **Install the App:**
 - Locate the downloaded APK file in your device's file manager and tap to install.
4. **Open the App:**
 - Launch EOMEET, create an account, and start exploring.

For iOS Users (invite only – quota met):

1. **Join the TestFlight Program:**
 - Download the TestFlight app from the App Store.
 - Open the invitation email and tap the "View in TestFlight" link.
 2. **Install the App:**
 - Tap "Install" in TestFlight to download and install EOMEET.
 3. **Open the App:**
 - Launch EOMEET, create an account, and explore its features.
-

Feedback & Support

Feedback Collection:

- In-App Prompts: Respond to feedback prompts within the app.
- Survey Link: Complete the pilot survey when requested.
- Email Us: Send detailed feedback to feedback@eomeet.com.

Support:

If you encounter issues during installation or use, please contact our support team at support@eomeet.com.

Thank you for being a part of the EOMEET Pilot Program. Your insights will help us create a smarter, more seamless scheduling experience!
